

Specifications

Specifications - Loadcell Sensors

Nominal Weight	up to 8 passengers
Operating Temperature	-20°C to +60°C
Magnet Diameter.....	16mm
Material	ABS
Weight	0.5 kg
Total Error	< 10%
Detection Distance	15-50mm

Specifications - Controller

Input Voltage	18-30 VDC (24V standard)
Max Current Consumption	Less than 300 mA
Relay Output	1
Protection Class	IP65
Cable Length	5 meters
